

Ben Donaghy

December 29, 2019

E-mail: BenDonaghy321@gmail.com

Phone Number: 028 25637509

Education:

- 2016 - Present, The Open University: BSc (Hons) Mathematics & Physics
I have completed 2 years of my degree, with an average assessed score of 89% (corresponding to roughly 73% by brick university conventions). I am currently studying part time.
- 9 GCSEs - 6 As, including Maths and English, and 3 Bs

Personal Profile:

I am an enthusiastic maths and physics student searching for a job while I study. I enjoy working both independently and as part of a team, and I have a flexible schedule.

Besides maths and physics, I also have a strong interest in computer science and coding. I have some experience with Python, mostly acquired through attempting a few projects, such as a small game and website backend using django. I also have basic familiarity with Javascript, HTML, and CSS.

I have experience with Microsoft Office, with an A in GCSE ICT, and having used Word and Excel for my university assignments, as well as during a brief period of work experience as an administrator.

Employment History:

- January 2017: 2 weeks work as Office Administrator for the Community Family Support Program
- May 2014: 2 weeks work experience in Antrim Area Hospital and 1 week work experience in the Ballymena Town Hall.

Additional Information:

I have a full driving licence and a car available for my use.
